PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building responsive, pixel-perfect web interfaces using HTML5, CSS3, JavaScript, React.js, and Bootstrap. Skilled in translating Figma designs into accessible, high-performance, cross-browser interfaces and building reusable React components. Detail-oriented and analytically minded, with an MBA in Data Science and Business Analytics and currently pursuing the Google Data Analytics Professional Certificate. Also have foundational knowledge of Large Language Models (LLMs), Prompt Engineering, Generative AI concepts, Data Annotation, and AI Response Evaluation. Transitioning toward Data Analytics and entry-level AI/LLM evaluation roles while leveraging hands-on frontend engineering experience.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js Components, Bootstrap 5, React Hooks, React Router, Responsive Web Design

AI & LLM Fundamentals: Large Language Models (LLMs), Prompt Engineering, Data Annotation, AI Response Evaluation, Generative AI Fundamentals

Data & Analytics (Coursework): Data Analysis, Data Visualization, Microsoft Excel, Business Analytics Fundamentals, Basic Statistics

Tools & Design: Figma fundamentals, Git, VS Code, WordPress (Beaver Builder)

Libraries: GSAP, AOS, Locomotive Scroll, Swiper, Owl Carousel, jQuery

PROFESSIONAL EXPERIENCE

Junior Designer (Frontend Development) — Cyber Infrastructure, Indore, MP Nov 2023 – Mar 2026

- Developed and delivered multiple client websites — including e-learning platforms, loan services portals, matrimonial platforms, and booking applications — using HTML5, CSS3, JavaScript, React.js, and Bootstrap.
- Collaborated closely with UI/UX designers to implement pixel-perfect designs from Figma, ensuring visual accuracy against approved mockups.
- Built reusable React components, managed application state with React Hooks, and implemented React Router for seamless multi-page navigation.
- Integrated animation libraries (GSAP, AOS, Locomotive Scroll, Swiper) to create interactive, engaging user experiences.
- Optimized website performance through image compression, asset resizing, and code optimization to reduce page load times.
- Built and maintained responsive, cross-browser-compatible layouts across major devices and screen sizes.
- Designed HTML email templates (table-based with inline CSS) for transactional communications, tested across major email clients.
- Customized WordPress sites using Beaver Builder and maintained consistent static HTML/CSS content layouts.

Front-End Web Development Intern — Sheryians Coding School, Bhopal, MP Jan 2023 – June 2023

- Designed and developed web pages using HTML, CSS, and JavaScript on real-world projects.
- Built responsive layouts and maintained visual consistency across the platform in collaboration with the design team.
- Gained hands-on experience with UI design best practices, cross-browser compatibility, and web performance.

FRONT - END DEVELOPMENT PROJECTS

FindLoan — Loan Services Website | HTML5, CSS3, JavaScript, Bootstrap, AOS, Figma

- Implemented a pixel-perfect Figma design and built a real-time JavaScript loan calculator for instant user feedback.
- Used AOS scroll animations and Bootstrap grids/accordions to deliver a responsive, cross-browser experience.

Weddz — Matrimonial Platform | React.js, HTML5, CSS3, Bootstrap, React Components, React Router, React Props

- Architected a responsive matrimonial web application using a component-based React architecture.

- Implemented React Router for structured multi-page navigation and Owl Carousel for profile/gallery sliders.

Just Park — Parking Booking Application | *React.js, HTML5, CSS3, Bootstrap 5, React Hooks*

- Built a multi-page booking app using React Hooks for state management and reusable components.
- Integrated a date-picker for booking start/end dates and custom CSS shapes for a distinctive UI.

Birmingham Academy — E-Learning Website | *HTML5, CSS3, JavaScript, Bootstrap 5, Owl Carousel*

- Built a fully responsive e-learning platform with custom CSS shapes, modals, tabs, and carousel sliders.
- Optimized assets and images to reduce load times while maintaining visual quality.

Block Battle — Animated Landing Page | *HTML5, CSS3, JavaScript, Bootstrap, AOS, Owl Carousel*

- Developed a mobile-first responsive landing page with scroll-based AOS animations and CSS keyframe effects.
- Built a JavaScript preloader and integrated Owl Carousel for a responsive portfolio showcase.

Greene Consultants — E-Learning | *WordPress, Beaver Builder, HTML, Inline CSS*

- Customized and updated WordPress website content and layouts using Beaver Builder.
- Modified and styled existing pages using HTML and CSS while maintaining consistency with the approved designs.
- Implemented content and layout updates while ensuring responsive and visually consistent presentation.

Caterdash — Catering Services Platform | *HTML, CSS, Responsive Web Development*

- Developed and updated client-facing pages for a catering services platform based on approved designs.
- Built new pages and interfaces, including ordering and delivery-related pages, with pixel-perfect implementation.
- Identified and resolved UI bugs, layout issues, and functional errors across existing pages.
- Implemented responsive layouts and design updates while maintaining consistency across the platform.

HTML Email Templates | *HTML, Inline CSS, Responsive Email Design*

- Designed and developed HTML email templates using table-based layouts and inline CSS for consistent rendering across major email clients.
- Converted approved designs into structured email templates while maintaining responsive and visually consistent layouts.

CERTIFICATIONS

Google Data Analytics Professional Certificate — In Progress | 2026

Sheryians Coding School – Internship – Front-end web development — 2023 | [View Certificate](#)

EDUCATION

MBA – Data Science and Business Analytics | 2026

D.Y. Patil University | Navi Mumbai, Maharashtra

Master of Computer Applications (MCA) | 2023

Medi-Caps University | Indore, Madhya Pradesh

Bachelor of Computer Applications (BCA) | 2021

Bhopal School of Social Sciences | Bhopal, Madhya Pradesh

SOFT SKILLS

Analytical Thinking • Problem Solving • Attention to Detail • Communication • Collaboration • Adaptability
